Mr. Dean Erickson  
President  
Scenic Acres Community Association

Bonjour,

We want to thank you all for the opportunity to meet with the residents of the Scenic Acres community, representatives of the Alberta Government and the City of Calgary. We appreciated the chance to exchange information on the new school that has been announced to be constructed at the City site of 220 Scenic Acres Drive. We trust that all parties involved now have a better understanding of the situation at hand.

As stated at the meeting, our School Board is willing to consider, in a timely fashion, other comparable and equitable sites in the NW area. Should another site not be available or suitable, we do believe that the Scenic Acres site can accommodate both the needs of the school and the recreational activities of the community. Therefore the site in question will need to be used for the purpose that it was intended, a shared school and community site.

Please note that it is imperative for the best interest of our students that the new school be completed and ready for use by the beginning of the 2016-2017 school year, as we are now at full capacity at our existing NW school.

Please accept my best salutations,

Anne-Marie Boucher
